ALI MABSOUTE, PMP

Philadelphia, PA | 610-574-1793 | alimabsoute@gmail.com | linkedin.com/in/ali-mabsoute-pmp-6054a57

PROFESSIONAL SUMMARY

Marketing Strategy & Analytics Architect with 15+ years building and governing marketing functions across Fortune 500 portfolios — from a $200M acquisition budget at Citigroup to a $178M revenue P&L at Hyatt. PMP + Six Sigma Black Belt. At Masco, deployed an AI-driven personalization platform that cut CPA by 27% and drove $3.2M in incremental revenue through monthly C-suite readouts. At Hyatt, owns a $29M paid-media P&L; delivered a 40% ROAS lift on a 2% spend increase, led the proposal and CBA for the ChatGPT Paid Ads launch, and turned a multi-day C-suite reporting workflow into a single-prompt pipeline (95–98% faster). University of Pennsylvania — double major in Economics and Philosophy, Politics & Economics (PPE); M.S. Finance, Temple University.

PROFESSIONAL EXPERIENCE

HYATT HOTELS (HIC), Newtown Square, PA *Digital Marketing Analytics Manager* **Sept 2024 – Present**

- **Executive Strategy & Portfolio Leadership:** Directed performance marketing and digital analytics for 70+ LATAM resorts, owning end-to-end budget management of a $29M annual Paid Media portfolio. Translated granular data insights into actionable strategies that delivered a 40% lift in ROAS on a marginal 2% incremental spend increase, driving double-digit YoY revenue growth.
- **Full-Stack Marketing Mix Modeling (MMM):** Architected and deployed an offline MMM and automated Scenario Builder utilizing a Python-based backend with Ridge regression analysis; implemented geometric adstock and Hill saturation curves to enable executive "what-if" simulations for a $178M revenue portfolio. Developed a custom web-based visualization layer (HTML) and Advanced Excel interface for real-time, interactive budget recalibration.
- **Executive Reporting Pipeline:** Productized a multi-day manual recap workflow into a reusable analytics-to-deck system that transforms raw paid-media and GA4 data into C-suite PowerPoint recaps and linked Excel analysis packs, automating ingestion, KPI modeling, QA, and presentation-grade data visualization; reduced reporting cycle time by an estimated 95–98% (multi-day build → single-prompt refresh).
- **Digital Analytics Transformation:** Spearheaded the end-to-end data strategy transformation from legacy once-a-quarter static pulls to a self-serve, real-time data visualization platform for the 70+ property LATAM portfolio. Reverse-engineered legacy patterns into Power BI using Python and a custom Google Apps Script ETL, saving 300+ manual hours per month while accelerating localized decision-making across 6 field teams.
- **Multi-Channel Media Performance:** Managed media planning and a high-efficiency media mix across Paid Search, Programmatic Display, Metasearch (Koddi), Paid Social, and YouTube. Leveraged Adthena for competitive search intelligence and led the proposal and CBA for the Q2 launch of ChatGPT Paid Ads.
- **AI-Driven Guest Intelligence:** Built a guest-intelligence platform using Next.js, TypeScript, and Python, leveraging Claude Code for rapid feature deployment and NLP to parse unstructured guest feedback; surfaced operational issues invisible to standard reporting and drove a 15% cumulative lift in guest satisfaction scores.
- **Full-Funnel Multidimensional Analysis:** Conducted a multi-stage, full-funnel deep dive in GA4 and Adobe Analytics to isolate "choke points," identifying a 16-million-session drop-off in Mobile/Paid routing; implemented technical fixes that drove a 43% increase in click-to-booking conversion rate.

MASCO CORP (Endless Pools), Aston, PA *Marketing and Sales Analytics Manager* **Sept 2022 – April 2024**

- **AI-Driven Media Optimization:** Led the deployment of a marketing automation and personalization platform that delivered dynamic on-site experiences to every visitor, while continuously reallocating a seven-figure customer acquisition budget across products, channels, and prospect segments informed by A/B split testing and iterative segmentation modeling — reducing paid media cost per acquisition by 27%.
- **Stakeholder Data Visualization:** Led and mentored two direct reports (Analyst, Senior Analyst) in compiling ongoing and ad hoc reporting; designed and delivered monthly executive-level data visualization readouts and ROI analyses, synthesizing GA4 and Power BI data into actionable narratives that unlocked an incremental $3.2M in revenue.
- **E-Commerce Relaunch:** Spearheaded the relaunch of the aftermarket sales platform, driving an 8x lift in daily average sales volume during targeted campaigns and achieving record six-figure monthly revenue on highest-margin products.
- **Strategic Partnership Analytics:** Served as analytics lead and stakeholder liaison on a cross-functional deal team that evaluated and successfully negotiated a wholesale partnership, expanding aftermarket sales capacity by over 35% across the East Coast and Midwest.
- **Lead Scoring & Segmentation:** Engineered multidimensional prospect segments within Salesforce CRM and developed a proprietary lead-scoring framework in Excel VBA, producing a prioritized candidate pipeline that lifted sales team response rates by 25%.

CITIGROUP, Wilmington, DE *Assistant Vice President – Digital Acquisitions, U.S. Cards* **Jan 2019 – Feb 2022**

- **Performance Marketing Governance:** Oversaw budget management for a $200M annual customer acquisition portfolio, directing two contract analysts on invoice reconciliation, spend QA, and monthly reporting; leveraged SQL and Adobe Analytics for stakeholder presentations, delivering weekly performance readouts to VP-level leadership and reducing acquisition variance by 11% YoY.
- **Testing & Optimization:** Designed a long-term customer retention win-back email campaign targeting high-intent, near-converter prospects with elevated predicted lifetime value, generating over 12,000 annual incremental accounts on high-fee, revenue-generating card products. Acquired cardmembers who activated at a 67% higher rate than the general population and consistently carried average balances 1.4×–1.6× above portfolio norms.
- **Co-Brand Partner Performance:** Stabilized ROAS and ROI for the American Airlines portfolio and reduced cost per acquisition by 22% for Costco co-brand cards through highly targeted paid search and affiliate campaigns, leveraging a modified Marketing Mix Model recalibrated for COVID-era economic volatility.

COLLEGE AVE STUDENT LOANS, Wilmington, DE *Marketing Analytics Manager* **Jan 2017 – Sept 2018**

- **Advanced Data Modeling:** Developed predictive models and automated reporting suites using SQL, SAS, and Python to estimate seasonal demand fluctuations and optimize ad spend allocation.
- **VBA/Excel Automation:** Engineered automated marketing demand/cost reports using Excel VBA and SQL, decreasing reporting time-to-delivery for stakeholders by 95%.
- **Conversion Rate Optimization:** Drove a 20% lift in conversion rates by managing multivariate split-testing via Optimizely and Google Universal Analytics insights.

OLD CITY LABS, Philadelphia, PA *Partner & Technical Director* **2014 – 2017**

- Led a boutique tech and analytics agency, overseeing the development of custom SaaS applications, performance dashboards, and data-driven marketing strategies for diverse clients.
- Directed a full-funnel paid-media program for a California franchise of Fit Body Boot Camp (now a 700+ location global fitness brand) spanning branded and unbranded paid search, paid social, retargeting, and win-back campaigns; tripled active membership in H1 2017, prompting ownership to acquire and open a second location to meet demand.

Galerie H, Philadelphia, PA *Business Operations and Analytics Lead* **2012 – 2014**

- Directed business operations and supply chain analytics; utilized data-driven forecasting to optimize inventory levels and improve fulfillment velocity.

AMERICAN EXPRESS, New York, NY *Senior Marketing Analyst* **2010 – 2012**

- Achieved record response rates for managed direct mail and email campaigns through rigorous A/B split testing and data-driven ROI insights.
